

Accounting Assistance

Does your team have a long list of special projects that is taking a backseat to everyday work? Do you need a helping hand, without adding a full time employee?

Driffin Tucker can assist your organization by providing a professional to help supplement your team in times of need. We are ready to provide hands on assistance in major initiatives, new projects, or coverage for team members who are stretched.

Our goal is to provide the necessary work force that you need to complete projects and still maintain the same level of service for your internal and external stakeholders.

Projects we can provide assistance with:

- Evaluation of Month End Close Process
