

Paycheck Protection Program

Did you receive PPP funds? Are you overwhelmed by the application and the ever-changing guidance?

The Paycheck Protection Program (PPP) offered billions of dollars in forgivable loans to small businesses to pay their employees during the COVID-19 crisis. Since the launch of the PPP, the Small Business Administration and other federal government agencies have been tasked with implementing **several versions** of legislation to enable businesses to receive loan proceeds and apply for loan forgiveness. The PPP Loan Forgiveness Application can be intimidating and confusing. As a business owner, the process can be **overwhelming**.

Driffin Tucker is here to help. Our knowledgeable professionals have developed **tools to assist** in computing loan forgiveness. We are ready to **support you** in evaluating the allowable expenses to include in completing the PPP Loan Forgiveness Application.

Areas of assistance include:

- Review PPP loan forgiveness application and calculations.
- Prepare the requested FTE and other calculations for the PPP loan forgiveness application
- Provide guidance on allowable expenditures for inclusion in the loan forgiveness calculation
- Assist in gathering data and supporting documentation necessary to file the loan forgiveness application
- Develop a detailed loan forgiveness data packet
